Community Integration Consulting Service

Are you a person with a disability (or family member) new to the area? Recently discharged from a rehabilitation facility? Want to become involved in recreation activities in your neighborhood? Adapted Recreation Services staff will meet with you individually to discuss your leisure interests and help you explore recreation opportunities in our community. We can help you access "specialized" programs (specifically for persons with certain disabilities) or "traditional" programs and classes with people who do not have disabilities. Regardless of your age or disabling condition, we can provide resource and referral information for adapted equipment. We may also arrange for special accommodations such as a sign language interpreter, activity scholarships, and advocacy to enable you to participate in programs, classes, and facilities of your choice. Call us today to arrange an appointment: 312-2218.

Inclusion Services for After School Programs

The City of Scottsdale encourages participation by everyone. If your elementary aged child has special needs and wishes to participate in our After School programs (page #), we will be happy to make accommodations to meet your child's needs. Adapted Recreation staff will assist children with disabilities in participating in integrated recreation activities such as arts & crafts, indoor/outdoor games, cooking, creative expression, and special events. Smaller staff ratios, activity accommodations and emphasis on social and leisure skill development with non-disabled peers are unique aspects of these programs. An assessment of your child may be required for accommodations. Please call 312-2218 if you have any questions or you wish to set up an accommodation. Adapted Recreation Services requires a minimum of 14 days notice for accommodation requests.
